SODEX ANKARA (May 10 - 13, 2017)

SODEX ANKARA 2017: The most important meeting of the HVAC-R industry in Ankara

Organized under the scope of the SODEX Exhibitions, the most important meetings of the air-conditioning industry, **SODEX Ankara** brought together the HVAC-R industry in Congressium Ankara ATO International Convention and Expo Center on May 10 - 13, 2017. Organized by Hannover Messe Sodeks Fuarçılık and supported by the HVAC-R Exporters Union (ISIB), the exhibition honored by the participation of Mr. Mehmet Özhaseki, Minister of Environment and Urbanization and brought various product groups such as Natural Gas, Heating, Cooling, Air-Conditioners, Pumps, Valves, Installations, Water Treatment, Geothermal and Solar Power Systems together under a single roof.

During SODEX Ankara 2017, over 120 companies showcased their products to 6312 professionals. Both the exhibitors and visitors got the opportunity to see the latest developments of the industry in the capital city of Turkey. Moreover, the exhibition came to the forefront as the most important event where the industry met public institutions and organizations. In addition to this, international hosted buyers from Bulgaria, Jordon, Kosovo, Moldova, Pakistan, Tunis visited the exhibition with the collaboration of Middle Anatolia Exporters Union (OAIB) and ISIB within the framework of the Hosted Buyer program, organized with the support of the Ministry of Economy.

SODEX ANKARA, exhibition and conference altogether!

SODEX Ankara offered an important platform for the exhibitors and visitors with the two-days conference program which was organized for the first time this year as well. The latest agenda items regarding the air-conditioning industry such as Energy Performance in Building, Market Controlling and Supervision, Investment Incentives were featured during the conferences by the presentations of the representatives from Ministry of Economy, Ministry of Science, Industry and Technology and Ministry of Environment and Urbanization.

Deutsche Messe
